## Introduction

Union Envelopes came to the limelight of business world in 2004. Located in an ideal business environment, we offer individual and group services to all our customers. We have a fully fledged envelope factory wherein the latest envelope making machines are used to bring out better products based on market research, client's requirements and extensive practical experience.

We specialize in making all genres of envelopes from single colour to multi colour printing. Be it Tyvek Envelopes, Secura envelopes, Plain white Envelopes, Office Envelopes, Manila Envelopes, with any size or grammage and special security tints, we are always available.

However, **printing fully coloured customized envelopes** matching any company requirements is **our speciality**. Whether you need matching outer and inner envelopes of different shapes and sizes, colourful glossy attention grabbing envelopes, Slick logo designed envelopes to compliment your corporate image, **we are always at your Service**.

To further enhance our products and services, we have a fully fledged representative office in Dubai for Trading and Supply of Envelopes.

# Trustworthy » Tyvek Envelopes

RECYCLABLE

LIGHT WEIGHT

WATER RESISTANT

CHEMICAL RESISTANT

PRINTABLE

DURABLE

ULTRAVIOLET RESISTANT

X-TRA TEAR RESISTANT

Tyvek Envelopes are made from Dupont Tyvek brand protective material which makes it: "Durable and strong." Blended with all the above pictured features, it embellishes the product image, gives a new outlook to the envelope market.

Tamper-Proof »

# Tyvek Envelopes

Efficient & Effective for any correspondence with sharp security features, Tyvek Security Envelopes have the exceptional durability, tamper proof and recyclable. Once a sealed envelope is opened and the tamper evident seal broken, the word "Opened" appears in the flap, letting the receiver know that the envelope has been opened. Tyvek envelopes are highly relevant in the current market situation where fraudulent practices are giving security challenges to the customers.

# Tyvek Envelopes

## Wallet & Pocket Envelopes

Tyvek Tamper Evident Security Envelopes offer the highest level of security and confidentiality featuring a special peel and seal strip. Once a sealed envelope is opened and the tamper evident seal broken, the word "Opened" appears in the flap, letting the receiver know that the envelope has been opened.

It is flexible and light weight, puncture resistant. «

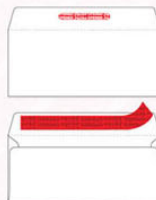

Hence provide cost-efficient delivery. «

Tyvek envelopes are tamper evident and moisture resistant. «

All these features are also well implemented in «

Tyvek Pocket and Wallet Envelopes.

All standard sizes and customized formats are available. «

Majestic

# Machine-Feed Envelopes

To attain optimum efficiency and clarity control, the machine feed envelopes are used to give bigger production volume and sharp image resonance. While printing full colour envelopes, a superior quality blend is achieved through this method.

# Machine-feed Envelopes

## Commercial, V-Flap Envelopes

Commercial & V-Flap Envelopes are commonly used for casual and official communications.

They are versatile in quality, purpose oriented and carry a strong outlook.

They are available in a variety of substrates.

Be it a plain white envelope or window envelope "You name it, we have it". All the standard sizes are very much available.

Window Envelopes save on addressing:

The clear advantage of a window envelope is that a correctly folded enclosure will allow the addressee's name & address to show through, eliminating the need to print or label the face of the envelope.

Fully machine-enabled technique used to enhance quality output. «

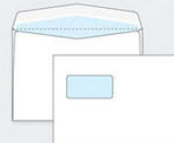

Used extensively by law firms and legal departments. «

Specially customized C4 window envelopes helps customers to « insert and process the documents fully machine fed.
